## FUSOR 703

### 4 FIRST AID MEASURES

**Swallowed:** Immediately rinse mouth with water. DO NOT INDUCE vomiting. Give plenty water or milk to drink. Seek immediate medical assistance.

**Eye:** Immediately irrigate with copious quantities of water for at least 15 minutes. Eyelids to be held open. Remove clothing if contaminated and wash contaminated skin. Seek immediate medical assistance.

**Skin:** Immediately wash contaminated skin with plenty of soap and water. Remove contaminated clothing and wash before re-use. If irritation occurs seek medical advice.

**Inhalation:** Not likely to be hazardous by inhalation. Remove victim from exposure – avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until full recovered. If breathing laboured and patient cyanotic (blue), ensure airways are clear and have qualified person give oxygen through a facemask. If breathing has stopped apply artificial respiration at once. In the event of cardiac arrest, apply external cardiac massage. Seek immediate medical advice.

**Advice to Doctor:** Treat symptomatically. Do not give epinephrine or related drugs. Aspiration can result in pulmonary oedema. Liquid paraffin BP may slow gastric absorption. Gastric lavage should only be undertaken after endotracheal intubation.

### 5 FIRE - FIGHTING MEASURES

Keep containers tightly closed. Heating can cause expansion or decomposition leading to violent rupture of containers. If safe to do so, remove containers from path of fire. Keep containers cool with water spray. Fire fighters to wear self contained breathing apparatus if risk of exposure to vapour or products of combustion/decomposition. During a fire, thermal decomposition or combustion may generate irritating and/or toxic gases and particulate.

**EXTINGUISHING MEDIA:** Water fog, foam, dry agent (carbon dioxide, dry chemical powder).

### 6 ACCIDENTAL RELEASE MEASURES

Avoid inhalation of vapours. Clear area of all unprotected personnel. Slippery when split. Avoid accidents, clean up immediately. Use absorbent (soil, sand or other inert materials). Wear protective equipment to prevent skin and eye contamination and inhalation of vapours. Contain – prevent run off into drains and waterways. For large spills notify

# LORID MATERIAL SAFETY DATA SHEET

## FUSOR 703

### 6 ACCIDENTAL RELEASE MEASURES - continued

Emergency Services. If contamination of sewers or waterways has occurred advise local Emergency Services.

### 7 HANDLING and STORAGE

**Handling:** Avoid skin and eye contact and inhalation of vapours. Wear overalls, chemical goggles and impervious gloves. Use with adequate ventilation. If inhalation risk exists wear organic vapour respirator meeting the requirements of AS1715 and AS1716. Do not handle until all safety precautions have been read and understood. Keep closure tight and container upright to prevent leakage. Empty containers should not be re-used. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or reuse.

**Storage:** Store only in well-ventilated area. Store away from organic/combustible materials/oxidising agents/foodstuffs. Keep containers closed at all times – check regularly for leaks. Avoid thermal shock. Store in cool place and out of direct sunlight. Store away from sources of heat or ignition. Keep container closed when not in use.

### 8 EXPOSURE CONTROLS and PERSONAL PROTECTION

	TWA ppm	TWA mg/m <sup>3</sup>	STEL ppm	STEL mg/m <sup>3</sup>	NOTICES
This product is considered non hazardous					

**Skin Protection:** Use neoprene, nitrile or rubber gloves to prevent skin contact.

**Eye Protection:** Use safety eyewear including safety glasses with side shields and chemical goggles where splashing may occur.

**Other Protective Equipment:** Use disposable or impervious clothing if work clothing contamination is likely. Remove and wash contaminated clothing and other protective equipment before storage or reuse. If inhalation risk exists wear organic vapour respirator meeting the requirements of AS1715 and AS1716.

**Hygienic Practices:** Always wash hands before smoking, eating, drinking or using the toilet. Food or beverages should not be consumed anywhere this product is handled or stored. Wash thoroughly after handling.

### 9 PHYSICAL and CHEMICAL PROPERTIES

Appearance	Green liquid
Odour	Citrus
Specific Gravity	1.0
Vapour Pressure (kPa)	Not determined
Vapour Density	Heavier than air
Flash Point (°C)	> 93
Flammability Limits (v/v%)	n/a – n/a
Solubility Limits	Soluble in H2O
Boiling Range (°C)	100 - 100
Freeze Point (°C)	Not determined
pH	7
% Volatile by volume	80
% Volatile by weight	80

### 10 STABILITY and REACTIVITY

**Stability:** This product is stable under normal storage conditions.

**Reactivity:** Reacts with strong acids, bases, oxidising agents.

Hazardous decomposition products carbon dioxide, carbon monoxide (1)

### 11 HEALTH HAZARDS and TOXICOLOGICAL INFORMATION

#### HEALTH EFFECTS

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled are:

#### **ACUTE EFFECTS**

**Swallowed:** Swallowing can result in nausea. If the victim is uncoordinated there is greater likelihood of vomit entering the lungs and causing subsequent complications.

**Eye:** May be an eye irritant.

**Skin:** Contact with skin may result in irritation.

**Inhalation:** Not likely to cause irritation of the respiratory system.

#### **CHRONIC EFFECTS**

May cause skin dermatitis problems.

#### **TOXICITY EFFECTS**

No product toxicological information is available.

## FUSOR 703

### 12 ECOLOGICAL INFORMATION

No environmental impact data found for this material.

### 13 DISPOSAL CONSIDERATIONS

Refer to appropriate authority in your State. Dispose of material through a licensed waste contractor. Normally suitable for disposal by approved agent.

### 14 TRANSPORT INFORMATION

**SHIPPING NAME** none  
**Packing Group** none

Mode	Regulations	Class	Packing Group	Notes
-	UN	None	None	
Sea	IMDG	None	None	
Road/Rail	ADG Code	None	None	
Air	IATA/ICAO	None	None	

Classified as Non hazardous Substance for the purpose of transport. Refer to relevant regulations for storage and transport requirements.

### 15 REGULATORY INFORMATION

Classification and labelling according to Worksafe Australia's Code of Practice for Labelling Workplace Substances [NOHSC –2012 (1994)]

Hazard Symbol: none

### 16 OTHER INFORMATION

Exposure Limits: Worksafe Australia has not established A Workplace Exposure Standard for Atmospheric Contaminants in the Occupational Environment.

The information contained in this Safety Data Sheets does not replace any of the user's statutory duties in respect of performing an adequate assessment of any potential workplace risk which may occur as a result of the way in which the product is used. The user must carry out such assessments as are required by other health and safety legislation.

<b>16 OTHER INFORMATION - continued</b>
---

The customer is advised to consult the product Technical Data Sheets for further information including advice on suitable equipment.

Information used in the compilation of this product SDS obtained from investigations conducted at outside laboratories.

Lord Chemical Products (Australia) Pty. Ltd has prepared this Material Safety Data Sheet.

Issue Date **18 January 2010**

Supersedes New issue

Reason for Revision New issue

**'FUSOR' is a registered trademark of Lord Corporation Inc. Erie PA, USA**

The information contained in this document is intended to describe the product only in terms of health, safety and environmental requirements for the purposes of its safe handling, use and disposal and is to the best of Lord's knowledge and belief correct. Lord will be pleased to give further advice and assistance, but customers must satisfy themselves (by appropriate testing if necessary) that the product is suitable for their purposes and conditions of use and that their facilities and arrangements are suitable for handling or using the product. Accordingly Lord disclaims any liability for loss, injury or damage, which may result from the use of the product, this information, or from such advice and assistance save as may be expressly agreed under its terms of sale.

This information does not comprise a technical or performance specification for the product and customers are referred to any relevant product technical information or specification issued by Lord.

Customers are also reminded that there may be uses or application for the product which are protected by Lord's or third parties patent rights and nothing herein may be construed as an authority or encouragement to use or apply the product in contravention of such rights.
