**AIR FED AIR WASH MASK**

- Airvisor MV is an air supplied respirator for dust and gas protection with a unique moulded frame design.
- This enables the face skirt to be detached and replaced independently of the visor resulting in a respirator which is more convenient to maintain with a stylish appearance.
- With a conventional design, replacement of the face skirt involves replacing the main visor, this can be inconvenient and a time consuming exercise particularly if carried out regularly where conditions cause rapid deterioration of the face skirt.
- The Airvisor MV provides an innovative solution by offering a disposable snap action face skirt cassette which can be replaced simply and cost effectively.

**VISOR ASSEMBLY**

- In addition to the new moulded frame, the visor has several beneficial features. The visor has an excellent field of vision, will comfortably accommodate spectacles and has a smooth tilt facility allowing the operator to raise the visor when out of the hazard area.

**WAISTBELT ASSEMBLY**

- The waistbelt comes complete with a regulator which ensures a constant air flow to the visor irrespective of pressure at the inlet between 36 - 102 psi (2.3-7.0bar). An integrated carbon cartridge removes any oil mist remaining in the system after filtration to supply odour free air to the visor. An auxiliary hose can be attached to operate an air tool or spray gun if required.

**Nominal protection factor:** 100 without warning whistle  
200 with warning whistle  
For protection against dust and gas  
Polycarbonate EN 166.b.3.9 (BS2092.1.c.m)  
Molten metal and impact up to 120m/sec  
acetate EN166.f.3 (BS2092.2.C)

**Visor:** 180l/min

**Nominal flow rate:** 36psi - 102psi (2.3 bar - 7.0 bar)

**Operating pressure:** 35°C

**Max operating temperature:** Life expectancy - 1000 hrs

**Carbon cartridge:** Oil remaining after filtration

PART NO.	DESCRIPTION.
DMAK-0201	Air Wash Mask

**AIR FED MASK REPLACEMENT PARTS**

NO.	PART NO.	DESCRIPTION.	PKT.
A	DTVS 1504	Acetate Visors	1
B	DTVS 1507	Tear Off Visors	10
C	DTVS 1510	Replacement Tyvek Face Skirt (Fabric)	
D	DAVS 1404	Carbon Cartridge	
E	DAF 6265	STD Hi Flo QR Socket	
F	21SFTF08MXX	8mm Hose Barb Adaptor	

**DISPOSABLE DUST MASKS & GLOVES**

NO.	PART NO.	DESCRIPTION.	PKT.
A	SA01001	Dust Mask - Single Strap	50
B	SA01002	Dust Mask - Twin Strap	20
C	SA3001	Latex Examination Disposable Gloves	100
D	SA3002	Solvent Resistant Disposable Gloves (Nitrile)	50
E	SA3000	HD Solvent Resistant Disposable Gloves	PAIR

**EAR, EYE & FACE PROTECTION**

NO.	PART NO.	DESCRIPTION.
A	SA02030	Industrial Welding Safety Glasses
B	SA02140	Flip Up Welding Goggles
C	SA02120	Safety Shield Face Visor
D	SA04001	Ear Muff

**EAR, EYE & FACE PROTECTION**

NO.	PART NO.	DESCRIPTION.
A	SA02080	Full Vision Safety Goggles
B	SA02050	Panorama Safety Specs
C	SA02010	Industrial Safety Glasses
D	SA02100	Full Vision Welding Goggles

**RESPIRATORS**

- Twin filter half mask.
- Anatomic design provides excellent comfortable air tight face fit.
- A complete range of approved filters are available.
- Low profile ensures good visibility when used with face shields, welding masks, spectacles and goggles.
- Supplied in a hygiene bucket.

PART NO.	DESCRIPTION.
SA030580	Silner Half Mask - (Natural Rubber - Mask Only)
SA030584	Silner Half Mask - (Silicone - Mask Only)

**RESPIRATORS**

- Renowned for its comfort, safety and reliability the Sari mask is the benchmark in respiratory protection.
- A full range of approved combination filters are available for almost all hazards.
- Available with either polyamide or laminated triplex glass.
- A wide comfortable sealing edge forms a good fit on the face of any wearer forming an effective seal.
- Made from non - irritative soft natural rubber.
- Non fog and misting, super wide lens.
- Adjustable harness for comfort and safety.
- Supplied in a hygiene bucket with peel off visors.

PART NO.	DESCRIPTION.
SA011685	Sari Full Face Mask - (Natural Rubber - Mask Only)
SA011685	Sari Full Face Mask - (Silicone - Mask Only)

**RESPIRATOR FILTERS**

NO.	PART NO.	DESCRIPTION.	PKT.
A	041781	Combi Filter (Suits Sari Full Face Mask)	1
B	040780	Gas Filter (Suits Silner Half Mask)	2
C	051687	Particle Filter (Suits Silner Half Mask)	2
D	051381	Pre Filter (Suits Silner Half Mask)	10

**SAFETY FLAME RESISTANT GLOVES**

NO	PART NO.	DESCRIPTION.	SIZE.
A	ST420T	Extra Thick Glove	One size fits all
B	ST620	Standard Gauntlet Cuff	Pair 50cm

**SAFETY WELDING BLANKETS**

NO.	PART NO.	DESCRIPTION.	SIZE.
A	ST999	Safetytex Fire Blanket	1270mm x 2030mm
B	G5580	Trade Haus Fire Blanket	1000mm x 1500mm

**SAFETY WELDING HELMETS**

- Hands free operation.
- Increases welding speed and accuracy.
- Incorporates clear view safety lens.
- Reduces side flash.
- Ideal for working in confined spaces and high places.
- Reduces neck fatigue.
- Ratchet adjustable harness for comfort fit.

NO.	PART NO.	DESCRIPTION.
A	SA04001	Welding Helmet
B	SA02150	Hands Free Welding Helmet

**OVERALLS - 2 PIECE**

- Disposable 2 piece white overalls, jacket and pants.
- Size: L, XL, XXL.
- Disposable hoods also available.

<b>PART NO.</b>	<b>DESCRIPTION.</b>
GS601	Overall 2 - Piece Disposable

**OVERALLS - NYLON**

- Nylon overalls, white, washable, one piece.
- Velcro front, vented, elastic cuffs and ankles.
- Nylon washable hoods also available.
- Size: M, L, XL, XXL.

<b>PART NO.</b>	<b>DESCRIPTION.</b>
Boothmate	Nylon Overalls - No Hood

**OVERALLS - NYLON**

- Anti static nylon overalls, blue.
- Size: M, L, XL, XXL.

<b>PART NO.</b>	<b>DESCRIPTION.</b>
PM49990	PPG Painters Overalls With Hood

**OVERALLS - NYLON**

- Nylon overalls, one piece, blue.
- Size: L, XL, XXL.

<b>PART NO.</b>	<b>DESCRIPTION.</b>
CHF01005	Farecla Painters Overalls With Hood

**OVERALLS - TYVEK**

- Disposable tyvek, one piece white overalls.
- Size: S, M, L, XL, XXL

<b>PART NO.</b>	<b>DESCRIPTION.</b>
GS600	Tyvek Painters Overalls With Hood
